

Better Bathroom Remodeling For Less**BATHROOM REMODELING MATERIALS CHECKLIST**

The typical bathroom has nearly 25 material components, and each must be chosen, specified and ordered during a bathroom renovation. The checklist below will give you an idea of what makes up a modern bath. We have also included in the list a section of luxury extras. In today's home there is a growing awareness and appreciation for luxury products once found only in the world's most extravagant homes and hotels. Even if your budget is tight you may want to splurge on one luxurious accessory.
